LARGE AUDIENCE AT BAPTIST CHURCH

Hear Baccalaureate Sermon, Sunday Night,

At Rumford. Rev. H. L. Hanson, the Speaker.

Sunday evening, at the Baptist church, Rev. H. L. Hanson preached the baccalaureate sermon to the graduating class of Rumford High school.

The center of the auditorium was reserved for the class. The church was well filled. After the usual religious exercises and a solo by Agnes Haven Russell and a prayer by Rev. George A. Martin of the Methodist church, the pastor, Rev. Mr. Hanson delivered the sermon. Mr. Hanson spoke in his usual forceful manner, and was listened to with close attention. His subject was "Faith."

Among the striking paragraphs of the discourse were the following:

"Remember seeing a statue of a frontier man in which the sculptor symbolized the idea of a man looking forward into an unknown country. The figure was leaning forward on a rifle and shading his eyes with his hand, and the whole effect was of a man eagerly scanning the face of the landscape and seeking to see what was beyond in the unexplored country."

"You are doing the same thing at this point of your lives. You are striving to find the key that will unlock the door to the success that you hope to have in the future."

"At a foot ball game between two college teams there was heard a voice crying 'win if you have to slug.' This partisan of one team in his enthusiasm expressed a vicious principle that unfortunately has been in vogue in the business world. The idea that it is best to win 'by fair means or foul' is wrong. Napoleon said: 'God is on the side of the heaviest battalions.'"

"St. John said: 'Faith can overcome the world.' This may seem like the talk of a man in his second childhood, but hereafter we shall see that it is not. Faith in prayer and trustfulness in Jesus Christ. Also faith in himself. "It is good to have faith in one's self. Benson A. Scott once said that Jesus, Plato and himself were in union of thought. Conscience is not a bad thing. All the really great men and women have possessed a combination of conscience and humility. We are not suffering from too much conscience, but from too little self-appreciation."

"The fact that you have failed is not (Continued on Page Twelve.)"

CAUGHT IN WHEEL OF AUTO.

J. M. Graves has narrow escape. J. M. Graves, who owns and conducts the Somerset House on Main Avenue, Rumford Falls, was run into by Dr. J. Abbott Niles' automobile last Thursday afternoon at about 3.30 o'clock and quite badly bruised and shaken up.

Mr. Graves tells of the accident as follows:

"I was on my way to the point shop below the railroad tracks and had reached the first track after passing 'Stone Wood' mill. The car was on the track, but was parted to allow passing. I went on to the track on the right side, thinking if a team came along it would be on the other side. I had hardly dismissed the thought when I was hit. I did not know what had struck me. Thought at first it must be the car, and that I should surely be killed. In a second I realized that it was an auto and that I was caught in the wheel and was being mangled by it."

In some way the wheel caught me by the clothing in the back and I could not do any thing to help myself. I think the machine was about twenty feet before stopping."

The CITIZEN man saw Mr. Graves at ten Saturday. He was still confined to his room. He was somewhat bruised and was suffering from a strained back, but not so badly injured as the character of the accident would lead one to suppose he would have been.

SERVICES AT ST. BARNABAS CHURCH.

Services will be resumed, on Sunday June 21, at St. Barnabas Episcopal Church as follows: Holy Communion, 8 A. M. Morning Prayer, 11 A. M. Evening prayer and services at 7 P. M. each.

THE "PLEASE DON'TS" AT RUMFORD FALLS

Were Given a Lawn Party Last Saturday.

More Than 125 Children Meet in Library Grove.

In February, 1907, cards were distributed by certain ladies of Rumford, to the school children containing the following pledge: "I will try to be kind to all living creatures, and will try to protect them from cruel usage." These were signed by a great many children in the intermediate grades. On the reverse side of the card were a series of "please don'ts" that are the best of any thing we have seen and together with the pledge make the best and most effective work, ever undertaken by any organization to create a sense of justice and loving kindness in the growing mind.

The following is the list of "Please Don'ts":

Please don't kill the Birds, or rob their nests.
Please don't abuse the Cats, but shelter and feed them.
Please be kind to the Dogs, and give them water.
Please don't jerk, kick, whip, or overwork your horse.
Please don't dog or stone the Cows.
Please don't fish or hunt for sport or use steel or other cruel traps.
Please don't give pain to any creature.

When you see any creature abused, don't fail to earnestly but kindly protest against such abuse. Be above using tobacco or liquors. Be above using profane or vulgar language. Be clean in body and mind. Always do good and never evil. These are the ways to be happy and beloved.

—From the Mercy Drama.

Last Saturday the committee, consisting of Mesdames Small, Carroll, Hanson, Linton, Mixer, gave the signers a lawn party in the grove at the west side of the foot bridge. There were 125 or more boys and girls in the party, and they were as happy as any gathering of children that we have seen here or elsewhere. They played games and were given an ice cream and cake lunch and it is safe to say that a great amount of good resulted from the affair. It is a practical way of teaching lessons of kindness and proper conduct, towards not only animals, but persons.

OXFORD CONFERENCE

Of Congregational Churches At Bethel.

The Oxford Conference held its annual meeting with the Bethel Congregational church, June 11th and 12th. The delegates and visitors were hospitably received by the society and notwithstanding the intense heat, Bethel was found to still hold its reputation of being rightly named. Rev. L. B. Ride, out as moderator, opened the Devotional services of the morning and the conference was then formally opened for business and the carrying out of the program, which was adhered to as much as possible, some of the speakers being unavoidably detained.

The discussions of the vital points of religion were thoughtful and earnest. Wednesday evening, Rev. Frederick W. Means, of Winchester, Massachusetts, gave an address upon Young People's Ministry Movement and Thursday morning, Mrs. Ida Young Woodbury spoke in the interest of the American Ministry Association. Mrs. Woodbury is no stranger, to Bethel people and always is a welcome speaker.

All the sessions were marked by an unusual degree of earnest seeking for the best methods to bring the Master's message to the people and further Christ's Kingdom. Thursday afternoon the conference adjourned to meet with the Andover church in October. The following resolutions were adopted:

Resolved, That Oxford County Conference

ANDOVER BEATEN AT RUMFORD FALLS

On Base Ball Diamond By Score 20 to 3.

A Hot Day But Large Crowd See The Game

The Andover base ball boys came to Rumford Falls last Saturday with a determination to retrieve the disaster of the Saturday before, when Sutton of the Rumfords put up a game that shut them out from hits or runs for three and a half innings.

The game was called at 3 o'clock on the Gibson Flats and a large crowd of interested spectators, including quite a number from Andover were present. The game started off favorably for the Andovers and it seemed during the first inning that they would give the home team a hard rub. They made two runs, and during the rest of the game they were able to get but one more. The Rumfords rolled up 20.

Features of the game were that every man on the home team made at least one base hit. Sutton and Stanwood in double plays, and a double play by Stanwood on second, where he appeared as a star player sure enough.

Capt. Parker was a sure hitter and made a record for base hits. One of the cleanest home runs ever made was that by Sutton in the seventh.

The Andover fellows were persistent players and did some very good fielding. Thomas was a fairly sure man at the bat, and made the first base hit. They were unable to gauge Sutton's curves and that fact is responsible for the poor showing at the bat. They are a crowd of fine gentlemanly fellows and are a credit to Andover, whether they win or lose.

Reed was umpire.

MAINE REVOLUTIONARY SOLDIERS' GRAVES.

"Beneath those tottering slabs of slate, Whose tribute moss and mould efface, Sleeps the calm dust that made us great, The true substratum of our race." It is claimed that one-sixth of the Revolutionary soldiers of the mother state (Massachusetts) were from Maine and they numbered over ten thousand. Maine soldiers were at Bunker Hill and the intervening battles to Yorktown, and five hundred of them passed the "midnight of the Revolution" at Valley Forge. To perpetuate their achievements and keep green their memory, the Maine Society of the Sons of the American Revolution was organized in 1891.

It is a lamentable fact that a large per cent. of the burial places of these patriots of the Revolution, who did so much to give us the best country on earth, have passed beyond the realm of remembrance.

Probably not one-half of them were had an inscribed headstone. One of the principal objects of the Society is to locate the graves of the soldiers of the Revolution, and others who rendered assistance in establishing American Independence, and to place on permanent record data which will keep their burial place in perpetual remembrance. This research is entirely a labor of love. The d-t-a wanted are headstone inscriptions where there is a head stone with local name of cemetery and location in town or city; where there is no headstone, then location of cemetery and grave, so far as known, with date of death and age.

Much good work has been done. Over 1,500 graves have been located and put on record. Much remains to be done, and the co-operation of all persons is earnestly solicited.

Personally my research along this line, covering a period of about five years, has been very gratifying. Assistance in locating the graves of our Revolutionary heroes is earnestly desired and will be much appreciated. Anyone having data, though incomplete, is urged to make the information known by correspondence or otherwise. Tasteful white marble headstones are now furnished free for Revolutionary soldiers' graves through proper application to the United States Government.

J. W. PENNEY, Member of Maine Sons of the American Revolution, Mechanic Falls, Me., 1902.

ODD FELLOWS MEMORIAL SERVICES

At Canton Last Sunday. Sermon by Rev. E. W. Webber of Rumford Falls.

The annual sermon in memory of the deceased Odd Fellows and Rebekahs was ably and impressively delivered by Rev. E. W. Webber of Rumford Falls, at Odd Fellows hall, Canton, Sunday, at 2.30 p. m. A good representation from Anasagunticook Lodge, No. 32 and Ponemah Rebekah Lodge, No. 23 and a large number of friends attended the service. A vocal solo by Mrs. O. L. Wadlin and duet by Gladys L. Walte and Minnie Oliver were beautifully rendered. The hall was prettily decorated for the occasion with wild flowers and ferns. A scroll, surrounded with evergreens and surmounted by a large bouquet of carnations, bore the names of the deceased members. Forty-nine members from Anasagunticook Lodge and thirteen from Ponemah Lodge have passed to the Grand Lodge above. On this annual memorial day, when the Odd Fellows and Rebekahs meet to pay their tribute of love and esteem to the memory of those who have passed on, their hearts also go out to those who have been bereft during the year, those upon whom the heavy hand of destiny has fallen. The widow who has been bereft of husband, the children who have been robbed of parents, the mother and father who have been forced to give up those who were dearer than life. For all these their hearts are full of the deepest sympathy, and it is at these times that they realize the true meaning of brotherly and sisterly love, the foundation of the largest secret fraternity in the Anglo-Saxon world.

ABOUT PAVING CONGRESS STREET, RUMFORD FALLS.

Mr. F. H. Howard, of Rochester, N. H., came to Rumford Falls by invitation Monday and met the business men at the court room in the afternoon, and explained his system of road building, and answered questions. The roads that he will build is made by a secret process, and he is willing to guarantee it for ten years. It is called the "Asphalt," McAdam system. He says it is dustless, frostless and noiseless. The cost would be about \$1.15 per square yard. This however is not the total cost to the town for the town has to excavate at additional expense, also lay gutters.

Mr. Mixer commended Mr. Howard's work that was done on sidewalks in town some four years ago, but questioned whether the road that Mr. Howard would build would last any longer than the five years. Mr. Mixer, said no cracks had appeared in the walks, save in one place.

Mr. Howard said the main street in Tilton, N. H., had been in use 16 years and was still good. Sidewalks are not a test. The general sentiment of those who spoke was against making the ordinary McAdams road on Congress street.

Mr. R. L. Melcher who acted as chairman of the meeting asked that the sentiment of the assembly be expressed. On motion of Geo. M. Locke, it was voted as the sense of the meeting that the selection cause to be inserted in the town meeting, to see if the town would vote to expend any more than the \$3000 voted at the last annual town meeting for the purpose of paving Congress street.

E. K. Day spoke in favor of the work done by Mr. Howard. There is about 3000 square yards to be paved on Congress street.

A NATIONAL MOVEMENT WITH LOCAL MEMBERS.

One of the newest, and best movements on foot in the country is the effort being made by the "Committee of one hundred" to have a new cabinet department created for the special purpose of protecting the national health, or more clearly speaking to do for the human inhabitants of the country a work analogous to that done for the animals by the department of agriculture.

Dr. F. E. Wheel and Dr. E. M. McFarley are interested in the movement and are members of the National Association for Rumford.

GARAGE AND MACHINE SHOP

To Be Built By Herrick Bros. On Main Street in Bethel, Maine.

Herrick Bros., Bethel's popular machinists, who moved here five years ago from West Bethel and located in the large machine shop, which was built for them near the Bissell mill, have outgrown their quarters and are building a large shop 40x80 feet with a basement 40x40 feet near Purington's store on Main street in Bethel village. They are among the most practical machinists in the State of Maine, and have had a growing business since they located in Bethel. During the winter their business consists largely in building spool machinery and in the summer they are up to their ears in the automobile business.

It is the last named business which has made it necessary for them to enlarge their quarters as the demand upon them has been such during the past few years that they have found it impossible to take care of it at their present location.

The front part of the new building will be used as an automobile garage where automobiles may be stored at nominal prices, and in the adjoining machine shop all kinds of repairing will be done. They will have the most up-to-date machine shop in Oxford County and can do as expert work in the repairing of automobiles as any concern in the State of Maine, as many an automobilist whom they have helped out of difficulties which attend the life of an automobilist can testify. A storage tank for gasoline will be placed in the basement and a modern equipment for supplying the same will be attached, also a full line of automobile accessories will be kept. This will, in every sense, be an up-to-date place.

DEATH OF ANOTHER OXFORD COUNTY MAN.

The following taken from the Lowell Courier-Tribune concerning the death of Dr. J. C. Irish will prove of interest to many of our readers as Dr. Irish was a Bethel boy.

Dr. John Carol Irish, dean of the surgeons of this city and one of the best known in the United States, died at his home, 267 N. Smith street, Friday, May 23, as the result of an illness which seized him suddenly while at his office Tuesday afternoon. From that moment there had been no hope of his recovery and for practically the entire time he had been unconscious.

He is survived by a widow, who was Miss Annie M. Frye, of Lewiston, Me.; a daughter, Mrs. Boyden H. Pillsbury, and a son, William F. Irish, also a brother, Cyrus W. Irish, principal of the high school.

During the many years that Dr. Irish had practiced in Lowell he had acquired a justly deserved reputation as the city's foremost surgeon, and his activities extended far beyond the confines of the state. He was engaged at one time on almost as many cases in New Hampshire as in Massachusetts, and was widely sought in consultation in surgical cases in many other states. As an operator he achieved notable success. Nevertheless he was a man of consummate modesty, seldom or never appearing prominently in public, and devoting himself steadfastly in the profession in which he had won so prominent a place. He was by nature a quiet, reserved man, admirably cool in emergency and in every way exceptionally well fitted for the calling in life which he made his own.

His sudden seizure came as a shock to a wide circle of friends, especially to those who had seen him within a few hours apparently in excellent health. He had suffered within a year or so from an illness that threatened his life, but had recovered from it and was seemingly completely restored to health. It is not understood that the previous illness had any bearing on that which caused his death.

Dr. John Carol Irish was born in Bethel, Me., Sept. 26 1846, and was

ANASAGUNTICOOK DIST. S. S. CONVENTION.

The June meeting of this association was entertained by the Universalist and Free Baptist Sunday Schools of Dixfield June 3, 1903. The affair was favored with perfect weather and the attendance was the largest for many years.

No part on the program was in default on account of absence of the speaker to whom a topic was assigned. The fact that laymen came in for a fair proportion of the work of the convention was a cause for gratification.

The opening devotional service was conducted by Rev. Geo. A. Martin. The choir appointed as Com. on Resolutions: Rev. H. L. Hanson, H. J. Chase and Geo. L. Merrill. At this point was presented a discussion of the "Man" Problem by Rev. H. L. Hanson, Sept. 11, J. Chase and Mr. Geo. Walters.

It is seldom that a subject is treated so practically and interestingly as was this one. A good deal is said about the "Boy" problem in these days but it may have occurred to some that if the "Man" problem were solved so far as to bring the men into their proper place in church service and Sunday School the boy problem would present fewer difficulties. We comfort our selves many times by ascribing non attendance on religious services to various forms of depravity more or less total on the part of the nonattendee. This attitude on the part of the Christian worker (or leader) has not brought about any very marked change.

In view of this we might as well assume our own share of the blame and responsibility and give a little more attention to the shortcomings of the church in this matter. We may well consider whether or not we are rendering an equivalent for the time

therefore, at the time of his death, 66 years of age. He was graduated from Dartmouth college in the class of '83 with the degree of A. B. He studied medicine at Bellevue Medical college, New York City, receiving his degree in 1872. For a year after that, Dr. Irish practiced medicine in his native town. He then returned to New York, where he continued his studies in the hospital for six months. Leaving New York City, he remained in Bethel for a year, and in November, 1874, he came to this city, where he was associated with Dr. Walter Buraham for two years before opening an office for himself. While associated with Dr. Buraham he became entirely familiar with his work, and the progress he was making, so that upon the death of the older surgeon he was able to carry the work on with all the advantage obtained by his long experience.

EDWARD KING,

BETHEL, MAINE.

PROF. BAXTER WILL VISIT BETHEL AGAIN.

Several years ago Prof. Baxter attended an Old Maids' Convention at Bethel and wonderful results were obtained by his experiments.
The great invention has been perfected since that time and the exhibition which will be given at Odeon Hall, July 2, will prove to the public that anybody can be as young as he feels, and after the tests have been given on the platform there will be dancing that all may be assured of the genuineness of the cure.
Prof. Baxter warrants a cure for the blues—come and prove to yourself that this is no fake.

SUBORDINATION OF THE WILL

Educator Urges Necessity of Teaching Children to Obey.
Learn to obey! By obedience I do not mean a merely outward submission to force and authority, but the voluntary subordination of one's own will under the will of a better and higher intelligence. He who has not learned to do this in childhood will have great difficulty in learning it in later life; he will rarely get beyond the deplorable and unhappy state that vacillates between outward submission and uproarious rebellion. No greater wrong can be done to childhood than the one caused by our desire to spare it the necessity of obeying. Whoever conceives the duty of the educator to consist in giving in to all desires of the child, and gratifying all its wishes, makes himself guilty of the gravest sin toward his child. He denies it what, in view of its future mission, it cannot afford to lose, namely, the exercise in voluntarily subordinating its own will under necessity, be it a natural or a social one.—Prof. F. Paulsen, University of Berlin, in Educational Review.
Only Loving Them.
A smart baby carriage stood outside a small shop in Ealing in the outskirts of London. In it slept a pretty dimpled baby, and beside it lay a fat pig puppy, its nose almost touching the baby's cheek.
Beside them stood a little ragged wretch, whose tattered garments barely covered her with decency. In turn she stroked the baby and the puppy.
A lady passing noticed the strange picture—the beautifully dressed baby, the pig puppy, and the ragged child. The baby's mother was in the shop.
"Are you looking after them?" she inquired kindly of the wretch.
In a moment the child's face was glorified by a heavenly smile.
"No, mamam," said she; "I'm only loving them."

DEATH OF MISS BOND.

Harriet J. Bond, aged fifty-five, died Saturday morning, at the home of her sister on Church street, Portland, after a long and distressing illness of heart trouble. Miss Bond was the younger daughter of the late John and Elizabeth Bond of Portland, where she was born March 25, 1851. She resided for more than thirty years in Bethel until her illness. She is survived by a sister, Mrs. Helen E. Spear, wife of J. F. Spear of Portland, and a brother, Charles Bond of Portland. Miss Bond was well known in Bethel where she has lived for several years with family.

Singing Pigeons.

The queer Chinese change pigeons into song birds by fastening whistles to their breasts. The wind of their flight then causes a whistled and plaintive sound that is seldom noticed in the pleasant haunting notes of Pouter and Carrier. The Singing, great pigeons, fasten whistles beneath the wings of valuable racing carriers, claiming that the spirit notes is a sure protection against hawks and other birds of prey. As a similar protection, really, emitting an odd whistled sound, are used to the tail-feathers of the dispatch-bearing pigeons of the German army.

THE HOME CIRCLE.

Pleasant Recreations—A Column Dedicated to Tired Mothers
as they Join the Home Circle at Evening Tide.

Editor's Note.—It is our desire to make this department one of the most in-
teresting and valuable features of the whole paper. To this end we ask the as-
sistance of our readers. Choice verse and gems of thought will be gladly re-
ceived. Here are our thanks for anything that our friends have sent or may send.

FRIENDSHIP, LOVE AND TRUTH.

The ocean bath its sparkling spray,
The stars their heavenly light,
The glowing earth its rising day,
And flowers their beauty bright;

The low wind sweeps its plaintive
moan
O'er the billowy sea,
And ocean heaves its snowy foam
Upon the pebbly bay;

Time's Friendship wears a golden sheen
Like ocean's sparkling spray
To a less plaintive lay.

Where Friendship is, Love's music
Through all life's pebbly way
Guiding all Truth, where virtue dwells,
To an immortal day.

M. H. Weikbes, 1843.
It is not a favorable omen to see a
man smoking a cob pipe while his
wife milks the cow.

If you have a bitter pill to take
gulp it down, don't chew it. So many
people chew their pills, and oh how bitter.

It has been said that to have the
children in your power would be to
control the destiny of the world, but
give us the mothers and let them real-
ize their power, and we will have the
children.

Every honest prayer that labors
every cross that is carried, every trial
that is well endured, every good work
for our fellow-men lovingly done, every
little task that is conscientiously per-
formed for Christ's glory, helps to
make Christian character beautiful,
and to lead its bearer with "Apples
of gold" for God's "baskets of
silver."

Parents keep your boys off the
street, especially after dark. You
know not what dangers these little
fellows are, besides they learn all
kinds of nonsense, picking up all the
slang phrases uttered by older boys
who have forgotten the prayers
taught them at their mother's knee
when they, too, were innocent little
boys like your own boys now. If you
have nice beautiful yards, allow your
boys to play in them, never scolding
them for their merry laughter, for the
better far to be amused at home than
to have them seized up in an ugly af-
fair on the street of which you know
nothing until it has grown cold on ev-
ery one's tongue. If you value their
education as you should, you will keep
your boys off the street, where no evil
association will corrupt their morals.

Good breeding, Mrs. Sherry, should
begin at home. The day is past when
children used to rise when their par-
ents entered the room where they were
and stand until they had received per-
mission to sit. But the mistake is now
made usually in the other direction in
allowing to small boys and girls too
much license to disturb the peace of
the household. We think the best way
to train children in courtesy would be
to observe toward them a conspicuous
politeness. We would go as far as to
say that we should make it as much a
point to listen to children without in-
terrupting them and to answer them
promptly and respectfully as if they
were grown up. And, indeed, many
of their wise, quiet sayings are far
better worth listening to than the over-
runny conversations of the morning
papers. Of course, to allow uninter-
rupted chatter would be to surrender
the reins of the household, but it is
easy enough, if children are themselves
completely respected, to teach them
to show respect to others, and to know
when to talk and when to be quiet.
If a child is brought up in the con-
stant exercise of courtesy toward
brothers and sisters and strangers, so

well as toward parents and uncles and
aunts, it will have little left to learn
as it grows older.

The best brought up family of chil-
dren we ever knew were educated on
the principle of always commending
them when it was possible to do so,
and letting silence be the reproof of
any wrong doing which was not really
serious. We have heard the children
of this household, when their mother
had failed to say any word of com-
mendation after some social occasion,
ask as anxiously as possible, "What
was it, mamma? I know something
was wrong. Didn't we treat the other
children well, or were we too noisy?"
In that house reproof was never be-
stowed except—only commendation,
of whatever it was possible to com-
mend, was gratuitous.

We think this system would be as
good for those grown-up children, the
husbands and wives, as for those still
in the nursery.

If I Only Had Capital.
The above words were recently ut-
tered in our hearing by a worthy boy
and undoubtedly they are often reit-
erated by many who are out of employ-
ment, or have little or nothing to do.
To all such we say, you have home
capital, you have hands, feet, head,
nerves, health and are not these cap-
ital? What more capital has God given
anybody? "But if I only had a few
thousand in cash capital," says the
young man. But these are better than
cash capital, for no one can take them
from you, and with these you can earn
cash.

Our men of wealth and influence
did not start with any cash capital.
They went to work with their plow,
the hoe, the jack plane or axe, and in
time their capital brought them a rich
harvest. Ah! but there's the rub; you
don't want to work. You want money
on credit so you can play the gentle-
man, spend and eat your career
by playing vegetable. You want to
marry a rich girl who will support
you, while you wear fine clothes,
smoke cigars, and be a gentleman of
letters.

Shame on you, young man! Go to
work with the capital you have and
you will soon make interest enough
upon it to give you as much money as
you need. If you cannot make money
when what capital you have, you could
not if you had a larger amount in cash.
If you waste your present capital you
would waste money if you had it. So
don't stand around, a hopeless fellow,
waiting for something to turn up,
go to work. Take the first work you
can get to do and do it well. Always
do your best, and if you manage your
capital that God has given you well,
you will soon have plenty more to
manage.

Is Life Worth Living?
When you hear this question asked
by a man or woman, with lips curved
downward and voice strained to dis-
sension, you may not that person down
as a depraved selfish. He or she who
practically, "Is Life Worth Living for
me?" Worth living! Of course it is,
so long as there is one single other
soul in the world. If the world were
the last of his race, then indeed the
answer might well be "No," but
while there is another human being
for whom we can do a favor, or whose
interests we may advance, life is in-
deed "worth living."

Fried, when you feel yourself de-
pressed and inclined to think that life
holds nothing for you, look around
you (not very far away), and do the
very first favor for another that comes
to your mind. It may be a very
small one, but do it; and keep on, day
by day, hour by hour and minute by
minute, working for others, for truly
this alone makes life worth living.

Never Touched Him.
"John," said the wife of his bosom,
"don't you think you ought to save
the money you waste on cigars?"
"Not me," replied John. "I did
you would get busy and have it in
some other way."—Chicago Daily
News.

These Government birds.
"Do you believe in scattering seeds
of kindness?" asked the man with the
white necktie.
"I certainly do," replied the authori-
tative, "but it seems our government
officials have not done so."—Tuck-
ers' Statesman.

WHEAT AND TARES.

To Joy-Land.
Come with me to the land of Joy,
Where tears of sorrow are unknown,
And care and worry ne'er annoy,
And no one ever lives alone.
Come, pack your trunk, and sing a song
As you the lid fast lock and bind;
You bring your better self along;
I'll leave my worse self behind.

Come with me! Do not stay behind;
Unsatisfaction blinds you here.
In Joy-Land you will always find
The highest pleasure through the
year.
'Tis there that people ne'er grow old,
Because they never fear nor fret;
To what is best we both will hold,
And what is worst will both forget.

There are no tickets to be bought,
For 'tis not far, I understand;
And it is by no means to be sought,
T'were best that we go hand in hand.
I do not know the shortest way,
Although, if we be of one mind,
We might as well go forth today
And somewhere Joy-Land we shall
find.

NORWAY AND SOUTH PARIS

New Water Works.

At the village corporation meeting, in South Paris, the work already done by the water committee, was endorsed, and voted to continue the work. The committee was instructed to go to the next Legislature and secure a charter for a village corporation water company.

They were also instructed to ascertain what proposition, the Norway company wished to make, as to their rights and franchise in South Paris.

Flag Day.

Saturday was observed as Flag Day, and the national emblem of liberty was in evidence at places of business and at private residences. It was a quiet but impressive lesson, to the thoughtful mind. The American flag, or rather the flag of the U. S. Expresses more than the flag of any other nation. It stands for higher ideas, nobler sentiments, and larger blessings to the world than any other flag.

A Sad and Sudden Death.

Herbert W. Hillier, who recently moved from Norway to South Paris, and opened a bakery, and was having a large trade, was stricken with paralysis, Sunday the 7th. He did not rally and passed away on the morning of June 15th. It was a sad and sudden termination of the faithful efforts of a man to succeed in business. He had worked hard and was just well started on what promised to be a very successful career.

His many patrons, and friends sympathize with the family in their hour of trial and affliction.

School Picnics.

Last Saturday Mr. Ford's school of South Paris, went on a straw ride and picnic, to Gibson's Grove, Norway, where the day was spent in games and general recreation.

The same day Miss Richardson, with her pupils went to Penley's Grove for a day's outing and all report a good time.

Monday evening of this week, Misses Stearns and Penley take their pupils on a pleasure trip, in place of a picnic.

These gatherings, with the teachers, for fun outside the school room unite teachers and scholars in friendly relations, which lead the children to more willing and better work in the school room and make the teacher's work there easier.

At the Lake Side.

Walter Gray, has his boat house finished at Lake Pennesseewassee. J. S. Burbank, did the work.

The 50th anniversary of Paris Lodge will be celebrated by an all day picnic at the Gray cottage. All members of the lodge, and resident Masons and their families are invited. Capt. Tribou's grounds will be open for the use and convenience of the picnic party, and Capt. Tribou's boat will be in service to carry those who are going to the celebration.

Children's Sunday.

Next Sunday, will be observed as Children's Sunday at the Universalist church, South Paris. The sermon will be addressed especially to the children. The rite of baptism and dedication will be administered. Service begins at 10:45 a. m.

A. O. U. W.

Myrtle Lodge, No. 101 of South Paris and Norway, Ancient Order of United Workmen was organized at G. A. R. Hall, Norway, Monday evening June 8th with thirty-five charter members, and there are more to join. Grand Overseer J. H. McMahon of Waterville, and State Organizer, Stinson Bellard were the installing officers. The degrees were conferred by Deputy Bellard, and the secret work was exemplified by Grand Overseer McMahon.

The officers elected and installed, are: Wm. G. Ayers, Past Master Workman; Daniel F. Dolan, Master Workman; Henry L. Cummings, Foreman; Victor W. Mason, Overseer; Philip Deaconson, Recorder; John P. Mason, Treasurer; Freeman Bennett, Reviser; Walter Gammon, Guide; Joseph Martinson, Inside Watchman; Frank Hayward, Outside Watchman; Carl E. Stevens, Wm. P. Marston, Lake Montrose, Trustees.

After the routine work a program of music was greatly enjoyed by all present. Since 1907, when the Maine members withdrew from the Massachusetts Grand Lodge, there has been paid out in this jurisdiction \$13,000.00 to the beneficiaries of its 1200 deceased members, and \$1500 in sick benefits. The A. O. U. W. is a fraternal insurance and the oldest in the United States. It has a classified and a level rate, and its members have a \$500, \$1,000 or \$2,000 policy that is easy to carry.

At the Lake Side.

H. R. Fletcher and wife were guests at Capt. Tibou's cottage, Sunday.

At the Lake Side.

The graduating class of the F. H. R. at the Universalist church, Sunday, at the Congregational church, the pastor, Rev. A. T. McWhorter delivering the benediction ceremony. The text was from 1st Th. IV, 7, "I have finished my course." It was an able, timely and practical discourse. Rev. H. R. Fletcher and J. W. Griston, assisted.

NORWAY.

Arthur Stowell of Bethel is the new engineer at the Merry-go-round. Gupill & McKeen will transfer their machine to Bethel N. H. shortly.

Thomas Smith of Auburn spent several days in town with his brothers Dan and William. He returned to his work late in the week.

Repairs are being made on the Fair Ground buildings and fences. The long cattle sheds on the lower end of the grounds are being shingled as well.

The city water has returned at last to a normal condition since the Company opened all hydrants and made the customary clean out.

Frank Beck, is doing considerable business in his new garage on Temple street. He wishes to sell his stock of post-cards, photographs and records together with all other goods in his Main street store, thus being able to devote more time to the auto trade.

Merrill, has several different post-cards taken of the crowd and monument in Bethel, Memorial Day during the dedicatory exercises. The camera did excellent work so these views should prove fitting souvenirs of the occasion.

Norway Congregationalists who attended the Oxford Conference in Bethel were Rev. B. S. Rice, Dea. W. H. Porter, Mrs. G. Fred Stone, Philip Stone, Mrs. Orrin Tibbs, Mrs. Georgia Swain, Mrs. Parker Evans, Mrs. Richardson, Dea. Irving Bean and wife and Emma Stone. All report a helpful session.

Donald, the young son of Dr. H. L. Bartlett dug up a relic of about 1855 in the form of an old fashioned wooden wheel bicycle with iron tires, both wheels the same size and pedals like the by-gone velocipede. His gyrations on Main street with this antique steed, caused no end of sport.

The base ball fans are having their inning in town. Considerable talk is being made about a league, to take in West Paris, South Paris, Oxford and Norway with a schedule of games so arranged not to conflict with the drawing power of any club concerned. The two Paris teams already have an organization. Norway will attempt a permanent arrangement this week, yet the league idea has many opposers here, and other plans may develop at the meeting. Oxford thus far is unsettled.

W. P. Morton of the Paris Advertising Co. has faced his Main street bill boards with sheet iron. This insures a better surface for the big amount of paper that he posts in this village.

Geo. P. Downing is something of a farmer when not busy in the shoe factory. He has 200 tomato plants already set out; being a firm believer that good profits can be derived from this kind of garden truck.

Dr. R. F. Bradbury and wife have returned from their long auto trip, taking in Rumford Falls and many towns in that section of the county. The doctor has recovered greatly, so will resume his practice at once.

Services were resumed in the Episcopal church last Sunday for the summer with a lay reader in charge.

Dr. Charles L. Craig and Sallie Craig of Portland were united in marriage, June 10, by Rev. W. H. Gould of that city. Dr. Craig was formerly a Norway boy. After graduating from the High school he studied medicine with Dr. H. F. Bradbury, entered the New York Medical School where he fitted for the profession and gained his practical knowledge, afterward in the Maine General Hospital, also through conscientious labor received the appointment of city physician in Portland. He now has a large, independent, city practice and is successfully located. The doctor's many friends in town wish him unbounded success as a reward for years of hard study and strict application to all that was good for the up-building of noble manhood.

Saturday, June 13, being the one hundred and thirty-first anniversary of the Stars and Stripes as adopted by Congress, was observed by many citizens. Private residences, stores, electric cars and the office of Norway and Paris Street Railway displayed many flags in commemoration of the important event.

Frank Knapp, formerly of Norway, but now a member of the staff in Rumford, is playing polo in the Rumford Polo band of twenty-five men. Mr. Knapp's sole work is to lead known here to need any practice, having been the Norway band leader whenever at home, for many years. He has traveled with many musical organizations and played in all of our State bands of any consequence. The Rumford boys are to be congratulated on securing so accomplished a composer.

H. B. Foster's Clothing store window is attracting lots of attention because of his novel way of advertising the Bull Dog Suspenders. A striking likeness of the genuine animal stands in the center of a group of smaller dogs with the articles advertised tastefully arranged to advantage.

Norway and West Paris ball teams came together at the fair grounds, Saturday afternoon, where they contested away at each other for nine innings, much to the delight of a good sized crowd of sports that put on the last ball game. Norway did the victing up with a score of 7-4 however, it was not very exciting at that. On a later date the teams will meet again.

OXFORD.

Mrs. Grace Selders, of Portland, has been caring for her father who was critically ill.

Rev. Mr. E. L. Farnsworth is taking a much needed vacation. His place will be supplied by a Norway minister. Miss Florence Eaton returned home Sunday, after spending a week in Gorham, N. H.

Richard T. Pye visited friends in town recently.

The Pythian Sisters had a special meeting last Friday evening. They are practicing degree team work under the instructions of an efficient teacher.

A special town meeting was held June 8th.

Mr. Channey L. Farnham died Monday morning at his home. Mr. Farnham was 48 years of age and was a barber by profession but since locating in Oxford has operated a grocery store in connection with his barber shop.

Mr. Farnham leaves a widow, one daughter, two brothers and four sisters. He was a man of kindly disposition and will be much missed. The interment was at the Oxford cemetery on King street.

NORTH-BUCKFIELD.

Mrs. M. A. Warren and Mrs. George Warren, went to Lewiston, last Friday. Mrs. Frances Bicknell is not as well. David Record has gone to Hebron to spend a few days.

School-closes here next Friday.

Rain is needed very much in this vicinity and a short hay crop is looked for.

Oxford and New Century Pomona meet at Mountain Grange Hall here, June 17.

Frank Warren had his foot hurt quite bad by a horse stepping on it. Lizzie Bonney is with her aunt, Mrs. N. S. Bessey.

Merle Sturtevant U. of M. '08 is at B. F. Heald's.

Harry Palmer and wife, Herbert Heath and wife, were at A. S. Bessey's, the 14th.

A REPUBLICAN STATE CONVENTION.

Will be held in the Auditorium, Bangor, TUESDAY, JUNE 30, 1908, At 2 o'clock p. m.

For the purpose of nominating candidates for Governor and State Auditor to be supported at the September election, and transacting any other business that may properly come before it. The basis of representation will be as follows: Each city, town and plantation will be entitled to one delegate; and for each 75 votes cast for the Republican candidate for Governor in 1900 an additional delegate; and for a fraction of 40 votes in excess of 75 votes, a further additional delegate. Vacancies in the delegation of any city, town or plantation can only be filled by residents of the county in which the vacancy exists.

The State Committee will be in session in the afternoon of the Auditorium at one o'clock of the day of the Convention, for the purpose of receiving credentials of delegates. In order to be eligible to participate in the Convention, delegates must be elected subsequent to date of the call for this Convention.

All electors of Maine, whatever their political affiliations may have been, who believe in the general principles and policy of the Republican party and desire its success at the polls in the coming election in this State, are cordially invited to unite under this call in electing delegates to the Convention.

For order, Republican State Committee, N. M. CARTER, Chairman. BYRON BOYD, Secretary. Lewiston, May 2, 1908.

TIME IS THE TEST.

The Testimony of Bethel People Shows the Test.

The test of time is what tells the tale. The public soon find out when misrepresentations are made, and merit will stand the test of time.

Bethel people appreciate merit, and many months ago local citizens publicly endorsed Dean's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that every sufferer from kidney trouble is looking for.

Fred S. Stevens, of 66 Knox street, Lewiston, Me., says: "Mrs. Stevens had no reason to change her good opinion of Dean's Kidney Pills which was first published in 1904. She stated that Dean's Kidney Pills, procured at Wakefield's drug store, had cured her of backache and other symptoms of disordered kidneys. She was suffering from pain during the day and as a consequence her strength gave out and made it hard to attend to the ordinary duties of housekeeping. It afforded her pleasure to re-endorse the claims made for a remedy which sets up to the representations made for it, and for years gives a person a freedom from pain arising from weakened kidneys."

For sale by all druggists. Price 25 cents. Foster-McLiberty Co., Boston, New York, sole agents for the United States.

Remember the name—Dean's—and take no other.

Get No. 10000.

Send—your name and address to the nearest druggist or to the Foster-McLiberty Co., Boston, New York, and you will receive a free trial of Dean's Kidney Pills.

Thousands Have Kidney.

Trouble and Never Suspect It. Prevention of Kidney Disease.

Most people do not realize the alarm increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physician, who content themselves with doctoring the effects, while the original disease undermines the system.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Ringhamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Ringhamton, N. Y.

OXFORD CONFERENCE

(Continued from Page One.)

ference of Congregational Churches and Ministers desires to put itself on record as being unalterably opposed to the resubmission of constitutional prohibition in the State of Maine. The Conference sees nothing in the agitation for resubmission but an effort on the part of liquor dealers and drinkers to break down the principle of prohibiting the traffic in intoxicating liquors.

Resolved, That our hearts go out in sympathy to our esteemed Treasurer, Bro. Alton C. Wheeler, in his present hour of bereavement through the death of his beloved mother. May he see the bright light of God's love through the dark cloud of sorrow.

Resolved, That this Conference wishes to express its thanks to the church and people of Bethel for the gracious entertainment afforded it at the present session.

PYTHIAN SUNDAY, AT RUMFORD FALLS.

Rev. Thomas H. Derrick, of Andover Preaches.

At 2 p. m. Sunday, marching to the strains of martial music by the Rumford Falls band, the Knights of Pythias to the number of 75 started for the Methodist church where they listened to a very able address by the Rev. Thomas H. Derrick, of the Andover Congregational church.

Mr. Derrick went to the tenth chapter of St. Luke for his inspiration. The familiar, but too little heeded, story of the man who went to Jericho and fell among thieves and was robbed and left for dead, and was allowed to lie there and suffer by the priest, and the Levite who disdainfully passed him by, and was finally rescued by the lowly Samaritan, was told and formed the basis for a most scathing denunciation of the same characters that parade up and down the world to day.

The work of the fraternal order was commended and its spirit set forth as the one to be emulated by all men. He allowed that it mattered not of what faith or nation, without faith or cosmopolitan, the spirit of brotherly love should be made manifest.

He saw in the progress of the fraternal feeling, as exemplified by the Knights of Pythias, and the legend upon which the order is founded, the approach of the time when "to do good and be a citizen of the world" would be the religion and politics of mankind.

Mr. Derrick was given a reception at the hall after the meeting and he was very heartily congratulated by the members who recognized the splendid qualities of the address.

CAME NEAR RUNNING OVER TWO GIRLS.

On Penobscot St., Rumford Falls, Monday at half past eleven in the forenoon, a horse driven by Martin Tripp was frightened by a passing automobile on Franklin street hill near the turn to Rumford avenue, and struck a quick gait, which would not have resulted in any thing of account if the harness had not broken at that moment. A tug broke and let the carriage onto the horse's heels and then began a kicking performance that nearly cleared the animal from the vehicle. Tripp jumped to save himself and the frightened animal ran down Rumford avenue with the carriage at his heels away from side to side of the road. He took the turn up Penobscot street, and barely missed running over two little girls, Jessie Harpe and a LaPlante child. The Harpe girl pulled her companion away just in a second of time that saved a serious accident. As the rig passed the horse was so thick that those who witnessed the scene thought the children had been run over.

At the top of the hill in front of Parquette's store, Peter McKenney caught the horse. If the animal had passed his way on to Somerset or Waldo street this story would have been longer, and have chronicled more serious consequences.

CHARACTER OF THE BAND MUSIC.

Some dissatisfaction has been expressed in regard to the character of the music used by the band at the public concerts; the persons who attend the concerts preferring the popular airs of the day.

In an interview with Prof. Rigby, the director, we find that the pieces played have been selected from among the high class music, for the reason that the band boys are familiar with and capable of rendering classic selections; and also because Rumford has always been noted for its appreciation of that kind of music.

At the concert next Monday night the program will be varied by the introduction of a number of popular marches.

Prof. Rigby, upon request from any one knowing the facts of the patronage of the open air concerts, will be glad to furnish the band.

WEST PARIS.

The observance of Children's Day, the 15th at the Universalist church was a very pretty service, consisting of a story entitled "Barbara's Dream," which was read by the pastor, and the music was rendered by the choir, one piece being sung by some of the children. The children also had a part by having appropriate recitations. Two children were baptized. At the close of the service the children and all others who desired were given a little pot of pansies in bloom by Rev. Miss Macduff. Pansies were for thoughts, and the thought of the day to be remembered was that "God is Love."

A large congregation was present. Instead of an evening preaching service, this church is now holding a Prayer and Prayer meeting in the vestry on Sunday evenings. The popular four act drama "A Woman's Honor," will be played under the auspices of Granite Lodge F.A.M. of this place Friday evening of this week, June 19, at Dunham Hall, with the following cast of characters: General Mark Lester—H. H. Wardwell, Pedro Mendes—his half brother J. E. Brock, Dr. Garcia, Surgeon—C. F. Jordan, Gilbert Hall, M. D.—Morris R. Hammond, Robert Glenn—A. W. St. Barker, Gregory Gilman, Lester's secretary—Blissworth D. Curtis, Elmer Hammons, of Trap corner, has purchased the Thurlow Farm about half a mile above the corner and has moved there. He has rented his house at the corner to a Mr. Thurston, who is working for A. E. Whitman.

A glass blower and moving picture company were at Dunham Hall Tuesday and Wednesday, of this week. Mrs. Frank B. Briggs and daughter, of Portland are visiting her mother, Mrs. Sam E. Tuttle.

A CHANGE OF MANAGEMENT IN THE CONTINENTAL HOUSE, RUMFORD FALLS.

Mrs. Catherine Colby who has been matron and manager of the Continental Boarding House conducted by the Continental Paper Bag Co., will relinquish the position she has so faithfully filled for the past four years, and Mr. Charles P. Wilkins and wife who have for the past year and a half conducted the cuisine will also resign. Mrs. Colby will for the present live at the corner of Hancock street and Oxford avenue. Mr. and Mrs. Wilkins will go to her former home in Springvale, Me., where they will spend a few days and then go to Boston and New York. They expect to locate in Portland for the summer.

These popular persons have been so long connected with the house that they will be missed not only by the company but by the many girls who have made the house their home.

The strict rules and regulations established by the company have been referred to the letter by Mrs. Colby and the place has been noted for its high character. Mr. Wilkins is a chef of high repute and has given the best possible talent to his work. They leave hosts of friends to regret their departure, outside the patrons of the house. Mrs. McGraw is to assume the management of the house and Mrs. McGraw will take Mr. Wilkins place in the culinary department.

THE FOX Improved Glass Self Freezing ICE CREAM JAR

Freezer and Packer Combined

Especially adapted to family use. The quickest, easiest and
best method for making Ice Cream. Three-fourths of the disagreeable
work of the old process done away with. Its absolute cleanliness recom-
mends it to general favor. Poisoning impossible. It is readily filled and
contents easily removed. The cream remains frozen much longer than by
the old process. It is impossible for the cream to become impregnated
with the salt from the pack. It is proving one of the best selling articles
ever put on the market.

Follow directions carefully and results will be everything that we claim
and more.

THE ILLS OF WINTER.
The hardest thing in the world to
overcome them if you know how.

No season of the year has greater
variety or more acute ills than the
months from October to April.

The winter bruises and sprains or
the serious colds that lead to pneu-
monia, can all be readily cured by
Neuralgic Anodyne. There is not a
single ailment in the winter that will
not get many times its value at this
season from the Anodyne.

Rheumatism, neuralgia, headaches—
in fact, aches and pains of every de-
scription, quickly and positively
cured by this valuable household reme-
dy. Even the sore chilblains will
quickly disappear when Neuralgic Anodyne
is rubbed on.

If you use a bottle of Anodyne and
do not think you have gotten more
than its own value from it, take back
the empty bottle to your dealer, and he
will refund the money to you, and the
proprietors, The Pillsbury-Chalmers
Co. of Portland, Me., will reimburse
him.

And now the papers say it is the
most famous truth.

"Yes, and I have no doubt they
will keep this in circulation."
